

# MIXO 21 ISN'T JUST ANOTHER FLUID HEAD IT'S A NEW WAY TO SHOOT

## ENGINEERED FOR REAL-WORLD SHOOTING

The **MIXO 21** fluid head merges Cartoni's patented continuous counterbalance with Cartoni's classic tactile 7-step fluid drag, giving instant control with no trial and error. Just seamless, intuitive adjustments that let operators dial in their perfect setting instantly.

Engineered for modern field production, from the high-speed demands of live sports, to the unpredictability of breaking news, and the precision needed in documentary filmmaking, **MIXO 21** is designed to thrive where pressure is highest.

Every feature is built with working operators in mind: smooth tilts, feather-light or cinematic resistance & instant adaptability in the field.

The **MIXO 21** effortlessly balances payloads from 0 to 21 kg (46.29 LBS), with a tilt angle of +/- 90° adapting to any rig, be it a lightweight run-and-gun setup or a fully accessorized ENG camera.

## CARTONI INNOVATION IN COMPACT FORM

**MIXO 21** fluid head carries the same patented counterbalance technology trusted in Cartoni's **FOCUS & MASTER** lines with a wide range step fluid drag covering all narrative styles. By blending two proven systems into one new hybrid design, Cartoni delivers top-tier performance with greater value than premium competitors, without the compromises of budget alternatives.

## WHY MIXO 21

### COMPACT POWER:

Trusted technologies for long lasting performance.

### UNMATCHED VALUE:

Premium technology at affordable price.

### TRAVEL-READY:

Lightweight, rugged, and built to move.

### ABSOLUTE CONTROL:

Every shot, every angle, under your control.

### FIELD-PROVEN TECH:

The best of Cartoni's innovations, in one streamlined Pro head.

### 5 YEAR FREE WARRANTY:

Unparalleled in our industry.

### DESIGNED AND MADE IN:

Italy.
